Skipper ticket examples

The common ticket formats clients may share, followed by a simple destination-requirements guide.

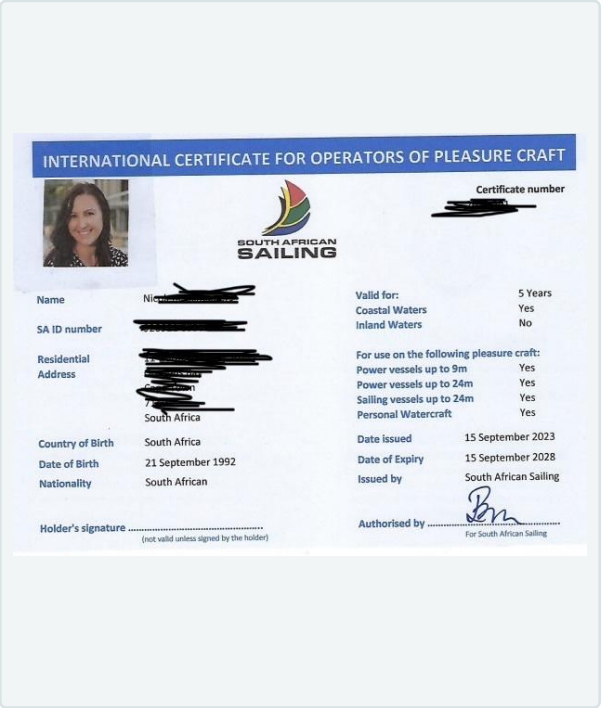

What's the difference between these tickets?

The SA Sailing Certificate of Competence is a South African skipper qualification and shows the level, type of vessel and operating limits the skipper is qualified for. An ICC (International Certificate of Competence) is an internationally recognised certificate commonly used when chartering overseas and indicates whether the holder is qualified for sail and/or power and the relevant waters or vessel size. An RYA Day Skipper Practical certificate shows that the skipper has completed practical, on-the-water training and demonstrated the skills required to skipper a sailing yacht. The Power over 9 m Certificate of Competence is specifically for larger power-driven vessels, rather than sailing yachts, and includes the category or operating limits the skipper is qualified for.

Day Skipper - Sail And Power

(Sport and Recreation only)

Certificate of Competence

Certificate No [redacted]

A SAS Day Skipper (Sail and Power) is qualified to skipper a sail boat under 100 gross tons for sport and recreation on inland waters by day or by night and at sea from sunrise to sunset in his local waters. Local waters are defined as 15 nautical miles (nm) from his home port, or 25 nm from his home port provided he is no more than 15 nm from an approved safe haven.

A SAS Day Skipper (Sail and Power) is also qualified to skipper a power boat under 100 gross tons for sport and recreation on inland waters by day or by night and at sea not further than 15 nautical miles from the coast from sunrise to sunset.

Issued at Cape Town on 15 September 2023
